

CALL for PAPERS

INTERNATIONAL JOINT CONFERENCE ON ROUGH SETS 2019

17-21 JUNE, 2019

ORGANIZED BY THE UNIVERSITY OF DEBRECEN, FACULTY OF
INFORMATICS, DEBRECEN, HUNGARY

AND THE INTERNATIONAL ROUGH SET SOCIETY

Conference webpage: <https://ijcrs2019.unideb.hu/>

Scope:

IJCRS is the prime international conference sponsored by the International Rough Set Society (IRSS). IJCRS 2019 encapsulates four main tracks which refer to major threads of rough set conferences held so far:

- **Rough Sets and Data Science**
(in relation to RSCTC series organized since 1998)
- **Rough Sets and Granular Computing**
(in relation to RSFDGrC series organized since 1999)
- **Rough Sets and Knowledge Technology**
(in relation to RSKT series organized since 2006)
- **Rough Sets and Intelligent Systems**
(in relation to RSEISP series organized since 2007)

Paper submissions:

Authors are encouraged to submit research papers of maximum 10-15 pages or short papers of 4-6 pages describing original, previously unpublished, complete researches, which currently are not under review by another conference or journal, addressing state-of-the-art research and developments, devoted to one or more of the conference topics, formatted in style of LNCS/LNAI of Springer. Moreover, we also invite researchers who search for new tools suitable for solving their problems, whose work concerns problems involving uncertainty, and also the ones who would like to discuss their problems with some members of the rough set community. They are warmly welcomed to submit the results of their research or simply participate in the conference.

Accepted papers will be published in the conference proceedings by Springer-Verlag in the LNCS/LNAI series both in printed and in full-text electronic form.

Guidelines

Springer's guidelines and technical instructions for the preparation of contributions can be found at <https://www.springer.com/computer/lncs?SGWID=0-164-6-793341-0>

Submission

Papers should be submitted through the EasyChair Professional platform, visiting the following URL: <https://easychair.org/conferences/?conf=ijcrs2019>

Papers should be submitted through the EasyChair Professional platform. Each submitted paper will be reviewed by three reviewers independently and the decision on its acceptance will be based on the results on a scale of degrees of confidence from -3 (strongly rejected) to +3 (strongly accepted) weighted by referees. In exceptional cases Conference and Program Chairs have the right to overrule the referees' decisions. Due to editorial requirements, each paper must consist of an even number of pages.

Copyright Form

Camera ready paper should be submitted with signed Copyright form [LNCS-Springer_Copyright_Form](#)
